

External Personal Data Policy

Policy regarding handling of personal data input when using **VODA's** website and web services.

Collection of personal data

VODA only collects your personal data upon your prior consent on our website or other web services.

When does the collection takes place?

Use of services on our website or WSP, e.g. that VODA contacts you, requires that you give us certain personal data.

Which information will VODA collect?

The personal data collected by VODA could e.g. be your name, your e-mail address, or similar identity information as well as possible login information give to you when using VODA's services.

VODA's hand over of your personal data

Your personal data will not be handed over to third part without having your content unless we have legal basis for this. VODA does not use or hand over your personal data for marketing purposes.

Handling at third part.

VODA can use external data companies, such as software providers, website hosting, backup, security, and storage.

In this case your personal data will be handed over to third part, however, instructed by VODA to handle your personal data on behalf of VODA. The data companies only handles your personal data for the specific purposes, which the data has been collected for.

VODA commits the data complains to handle your personal data fully confidential and to ensure that your data are not handled against "Persondataloven".

Storage of personal information

VODA only stores your personal data as long as it might be necessary in order to meet the purposes they have been collected for.

Use of cookies

Our website uses "cookies". A cookie is a small "text file" hidden in your web browser when you surf the web and use the website. It ensures that the website works technically. Cookies make it possible to recognize your computer etc.

A cookie is a passive file and cannot collect information on your computer, spread virus or other harmful programs. It is anonymously and does not contain any personal data. Cookies are used by almost all websites.

Correction or deletion of your personal data

If you request that VODA corrects or deletes your personal data give to us, please contact us.
